

Grand View is once again participating in the Council of Independent Colleges Consortium for Online Humanities Instruction. During the Fall 2017 semester, all full time GV students are eligible to enroll in an online course offered through one of the participating CIC institutions, subject to course prerequisites and space availability. No additional tuition or fees will be charged, but students will be responsible for their own books and supplies for the course.

You can read more about the project on the CIC website: <https://www.cic.edu/programs/online-humanities/course-catalog-1>. The Grand View course equivalencies are listed below. All CIC courses will be accepted as transfer coursework (not included in cumulative GPA). Interested students should talk with their academic advisor, review the CIC Registration Guidelines, and complete the CIC Registration Form. The Registration Form should be brought to the Registrar's Office, and staff will complete the registration process in cooperation with the CIC and other institution.
