The 2019/2020 Prelicensure Student Handbook contains the policies and procedures for Grand View Nursing Faculty. It describes the goals to which we aspire. This Handbook has been approved through appropriate channels and procedures and by Grand View’s Dean of Social and Natural Sciences, Provost and Vice President of Academic Affairs, and President. Although departments may occasionally wish to publish additional or revised guidelines for certain events and procedures, such guidelines are not effective and may not be implemented until written approval by Grand View’s Dean of Social and Natural Sciences, Provost and Vice President of Academic Affairs, and President has been obtained.

INTRODUCTION

Welcome to the Department of Nursing at Grand View University. This Nursing Student Handbook identifies expectations for student responsibility and accountability and serves as an important guide for decision-making. Nursing students are responsible for the Handbook content (e.g.) policies and procedures. Signed confirmation of having read this Handbook is required. Nursing students need to be aware that communications from the Department of Nursing (including new policies and procedures) will be conveyed via the Grand View e-mail system. Nursing students are responsible for setting up and maintaining a Grand View (GV) e-mail account. If you have not heard from the IT department regarding a GV web mail account, please contact the Information Technology Department at 263-6028.

Please do not hesitate to seek clarification of any content you do not understand. We encourage your comments and wish you success in your studies.

Grand View University
Prelicensure Nursing Student Handbook

Each year, students must access their CastleBranch account to upload a document indicating they have read the Nursing Student Handbook policies and procedures.

**Philosophy Statement**

The faculty of the Department of Nursing at Grand View University believe that nursing is a discipline whose professionals are grounded in unique caring. We further believe that baccalaureate education is essential for professional nursing practice and provides the foundation for graduate nursing education. Caring, the essence of nursing, is expressed through nurturing of self and relationships between client-nurse, student-faculty, faculty-faculty, and student-student. Caring relationships in nursing are revealed, developed, and discovered through lived experiences. The lived experiences in nursing occur within the context of nursing situations. Well-being is creating and living the meaning of life. The knowledge and understanding derived from nursing situations fosters well-being. Nurses use the art and science of nursing in developing caring responses in the context of caring relationships.

Person is viewed as a unique individual who has the potential to care and to be dynamically interconnected with others and the environment in caring relationships. Within these caring relationships, well-being of clients which includes persons, families, groups, communities, and societies are nurtured.

Nursing knowledge and understanding is embedded in practice, embraces theory, and encompasses a variety of ways of knowing and understanding. Direct patient care is the cornerstone to practice, however, simulation compliments knowing and understanding, equipping and empowering students to develop clinical reasoning while engaging in interprofessional relationships. Knowing as well as understanding is shaped by context and interactions with others, with respect for own and other’s voice. The learning environment which is a creative and ever-changing caring process emphasizes collegial relationships. The relationships are interactive processes benefiting student, faculty, client, and society.

Education is a dynamic, creative activity perceived by scholars of caring (Benner & Wrubel, 1989; Boykin & Schoenhofer, 1994; Leininger, 1995; Parse, 1981; Watson, 1985). “At its heart, it requires a relationship between teacher and learner, an obligation to impart and receive information. Education does not allow for indifference or denial of responsibility” (Ray, 2010, p. 43). Caring is modeled by establishing environments of learning that provide learners the “opportunity for a caring moment that engages body, mind, and spirit” (Ray, 2010, p. 43). Each learner brings with them the richness of their unique culture and modeling, dialogue, practice through multiple ways of knowing (Carper, 1978; Chinn & Kramer, 2011; White, 1991).

At the completion of the program, the graduate will actualize professionalism by:
2. Integrating critical inquiry into practice.
4. Providing a culturally sensitive continuum of care.
5. Empowering self and others to influence health care and society.

**Philosophy of Evaluation**

Evaluation is an interactional process between students and faculty regarding nursing situations. The process is accomplished through reflection of meaning and understanding, seeing present, and future possibilities, and creating new ways of being. The evaluation process reflects the interweaving of practical and theoretical knowledge.

PROGRAM OUTCOMES AND DESCRIPTIVE STATEMENTS

The graduate will actualize professionalism by:

Program Outcome 1: Valuing life-long learning.
In the practice of nursing as caring, life-long learning is an ongoing endeavor to seek understanding, meaning, and integration of lived experiences into a new way of being. The endeavor is dynamic and includes critical thinking and multiple ways of knowing. Examples include, but are not limited to:

- professional contribution to others’ learning
- scholarship
- writing
- dialogue
- involvement in research
- evidence-based practice
- collaboration

Program Outcome 2: Integrating critical inquiry into practice.
Critical inquiry is a composite of attitudes and ways of considering knowledge. In the practice of nursing, critical inquiry is used to develop meaning and understanding as well as to see present and future possibilities through interpretation of both the nurse’s and client’s lived experiences. Examples include, but are not limited to:

- observation
- reflection
- creativity
- directed thinking
- evidence-based practice
- acquisition of empirical and practice knowledge
- critical thinking

Program Outcome 3: Nurturing of self and engaging in caring relationships with peers, clients, and society.
Caring relationships among clients, faculty, students, and nurses are the foundation for the practice of nursing. They are ways of relating that provide opportunity to develop both person’s caring potential and possibility. Specifically, in caring relationships within nursing situations, the clients and student seek meanings of the client’s well being. Within this context clients and students are transformed. Caring relationships are unique to the persons involved and evolve moment to moment. Caring relationships evolve from caring responses such as:

- presence
- seeking meaning
- imagining
- sensing
- multiple perspectives of knowing
- theoretical basis of care
- communication
- awareness
- accountability
- authenticity

- openness to new ways of being
- centeredness
- choices
- touch
- self understanding
- clinical judgment
- collegueship
- advocacy
- integrity
- mentoring
Program Outcome 4: Providing a culturally sensitive continuum of care.
Culturally sensitive care is a set of congruent interactions, behaviors, values, attitudes, and policies that come together in community and foster caring relationships. Culturally sensitive care could include but is not limited to:

- Sensitive interactions with diverse cultures
- Search for an obtaining educational foundations regarding various worldviews
- Engaging directly in cross-cultural interactions demonstration of caring responses in interactions with diverse cultures.
- Self discovery
- Enculturation into nursing

Program Outcome 5: Empowering self and others to influence health care and society.
In the practice of nursing as caring, nurses empower themselves and others. Empowerment involves influencing policy that affects nursing, health care, and society. Examples include, but are not limited to:

- Colleagueship
- Research utilization
- Policymaking
- Political activity (such as networking, lobbying, testifying at hearings)
- Professional organization involvement
- Advocacy
- Evidence-based practice*
- Social responsibility
- Influencing health outcomes

*Definition of Evidence-Based Practice
Evidence-based practice (EBP) is a process by which nurses and health care professionals make clinical decisions using the best available research evidence, their clinical expertise, and patient preferences, within the context of available resources.

EBP is reflective and embraces multiple patterns of knowing, philosophy, theory, critical thinking, and integration of research driven information.
STUDENT ADMISSION TO THE NURSING PROGRAM

The Department of Nursing abides by the non-discrimination policy of the University. The applicant must be admitted to Grand View University before being eligible to be admitted to the Department of Nursing.

REQUIREMENTS FOR ADMISSION TO THE BACCALAUREATE NURSING PROGRAM

Students will receive the Pre-Admission Examination Procedure after receipt of their application to the nursing major.

These requirements will apply to all applicants to the major regardless of the catalog year of admission to the university.

- **Scholastic Ability** – must have a minimum cumulative GPA of 3.0 to be admitted to Nursing.
- **Must have completed English 101, Biology 256, and Chemistry 107 with at least a grade of C.**
- **Must achieve 80% or greater on the following two REACH A2 Examinations: Reading Comprehension and Basic Math Skills.**
- **If any of the A2 scores are less than 80%, the applicant may retake version two (V2) of the appropriate A2 examination. The applicant is allowed only these two attempts to achieve scores of 80% or above on the A2 examinations.**
- **Highly recommended to complete Math 095 or Stat 121.**

*Effective for Spring 2020 admission cycle, students who have been enrolled in a nursing program elsewhere must show evidence they left their previous nursing program in good standing and are currently eligible to continue enrollment in that program. This requires that a letter from the director of their previous program (Dean, Chair, or Department Head) be sent directly to the Grand View University Nursing Department Chair confirming good standing. Students who cannot provide evidence of good academic standing (e.g. was not dismissed from program, did not fail to meet academic requirements for nursing, is not prohibited from returning to the nursing program, etc.) will not be considered for admission to Grand View’s BSN program.*

PROCEDURE FOR ADMISSION TO THE NURSING PRE-LICENSURE PROGRAM

Complete the following forms and return them along with any other requested information to the Department of Nursing as soon as possible:

- **Pre- Licensure Nursing Program Application:** Please complete the application to the program found at [https://www.grandview.edu/forms/nursing-application](https://www.grandview.edu/forms/nursing-application)
- **Processing of Application:** All completed forms, and information needed for the applicant file must be received before the Nursing Admissions, Progression, Graduation and Scholarship Committee (APGS) considers the applicant for entry into the program. The APGS Committee is composed of a chair, who is a member of the nursing faculty, additional nursing faculty, representatives of University admissions, the University for Professional and Adult Learning (CPAL) program, the Nursing Administrative Assistant, and student representatives. The APGS Committee considers all qualified applicants to the nursing program.

Nursing courses with a clinical component may not be taken by a person:

a. Who has been denied licensure by the Iowa Board of Nursing.

b. Whose license is currently suspended, surrendered or revoked in any U.S. jurisdiction.
c. Whose license/registration is currently suspended, surrendered, or revoked in another country due to disciplinary action.

**LICENSED PRACTICAL NURSES (LPN)**

**Purpose:** LPNs who have graduated from a post-secondary practical nursing program may apply to the Department of Nursing.

**Requirements for LPN Admission to the Pre-licensure Nursing Program**
- Admission requirements and process is the same as for pre-licensure.
- Licensed as an LPN in the state of Iowa. A copy of the license should be sent to the Nursing Administrative Assistant.

**Curriculum Plan for LPNs:** The LPN will follow the same course requirements as any pre-licensure nursing student.
The Department of Nursing maintains contractual agreements with clinical practice agencies throughout central Iowa. These agencies have specific requirements associated with regulatory or accreditation bodies. Students are asked to meet specific requirements related to these contractual agreements. Grand View University nursing students must provide routine verification of the requirements prior to any clinical or laboratory experiences.

Grand View University uses CastleBranch for electronic data management of these requirements which include immunizations, CPR certification, professional liability insurance, as well as other Department of Nursing specific requirements (see Appendix A for Post-Admission Checklist and Form).

In general, the following tasks are required for all nursing students, but please refer to Castlebranch.com and Appendix A for the applicable forms with specific requirements and due dates:

**UPON ADMISSION TO NURSING PROGRAM:**
- Vaccinations – MMR, Varicella, Hepatitis B, Polio, Tdap/Td, influenza
- Two step TB skin test – Step 1 and Step 2 MUST be 1-3 weeks apart, no exceptions
- Physical Examination
- Latex Allergy form
- Standard Precautions Education form
- Health Risks Related to Nursing Care Activities form
- CPR certification
- Professional liability insurance
- Mandatory reporter for dependent adult and child abuse

**ANNUALLY THEREAFTER AND/OR AS ITEMS EXPIRE:**
- Influenza vaccination, Tdap/Td
- Nursing Student Handbook acknowledgement form
- Professional Communication Review certificate
- Physical Examination
- Standard Precautions Education form
- CPR certification
- Professional liability insurance
- Mandatory reporter for dependent adult and child abuse

Creating a secure CastleBranch (CB) account
See directions on next page.
Package review

Order Instructions for
Grand View University - Pre Licensure

1. Go to https://mycb.castlebranch.com/

2. In the upper right hand corner, enter the Package Code that is below.

Package Code GB33: Background Check - Medical Document Manager

About

About CastleBranch

Grand View University - Pre Licensure has partnered with CastleBranch, one of the top ten background check and compliance management companies in the nation to provide you a secure account to manage your time sensitive school and clinical requirements. After you complete the order process and create your account, you can log in to your account to monitor your order status, view your results, respond to alerts, and complete your requirements.

You will return to your account by logging into castlebranch.com and entering your username (email used during order placement) and your secure password.

Order Summary

Payment Information

During the online order process you will be prompted to enter your Personal Identification Number (PIN).

Accessing Your Account

To access your account, log in using the email address you provided and the password you created during order placement. Your administrator will have their own secure portal to view your compliance status and results.

Contact Us

For additional assistance, please contact the Service Desk at 888-723-4263 or visit https://mycb.castlebranch.com/help for further information.
Students will need to access their CastleBranch account to download, sign, and reupload documents indicating they have completed the clinical requirements. Each semester students need to show proof of compliance (copy of CastleBranch Summary Document) with clinical requirements to course faculty. To obtain a Summary Report to verify compliance follow these steps:

1. Sign in to CastleBranch.
2. Hover over Document Center and then click on My Documents.
3. A list of folders will expand to the right. Click the folder with the same name as your tracker - e.g. Clinical Requirements Fall 2016.
4. Within this list, click on the file titled ‘Results_90.....’
5. Once the file name is selected, click the orange download button. This is your To-Do List Summary Report.
FORMS REQUIRING STUDENT SIGNATURES

*See Appendix A for printable forms

LATEX ALLERGY IDENTIFICATION, PREVENTION, AND EDUCATION

The purpose of this policy is to provide a latex safe environment for nursing students of Grand View University Department of Nursing. Nursing students are at high risk for latex allergies due to exposure to latex in the health care setting. Other high risk individuals include those with spina bifida, neural tube defects, those who have had numerous surgical procedures, and those with a cross sensitivity to tropical fruits and nuts.

STANDARD PRECAUTIONS EDUCATION

Because nursing students may have direct contact with blood and other body fluids, Grand View University Department of Nursing requires education in Standard Precautions. This education is an annual requirement. Verification of education received as a requirement for employment will be accepted in lieu of this education.

HEALTH RISKS RELATED TO NURSING CARE ACTIVITIES

Nursing students may be exposed to infectious diseases such as Hepatitis B, Human Immune Deficiency Virus (HIV), Tuberculosis (TB), or other infectious/communicable diseases during care giving activities with people. Nursing students are also at risk for injuries during care giving activities including needle stick injuries and back injuries. The Department of Nursing mandates learning opportunities which assist students to identify risks and reduce exposure such as standard precautions training, and it has instituted safeguards such as immunization requirements to assist students in reducing health risks and in preventing injuries.

In order to reduce risk to my health as a nursing student, I understand it is my responsibility to inform the Department of Nursing and the University Health Nurse of changes in my health status such as pregnancy, contraction of a communicable or infectious disease, or any injury that could affect my performance as soon as possible. In the event of an injury during clinical, the agency (where the practicum is occurring) policy will be followed.

Furthermore, I understand that testing, diagnosis, and treatment of any infectious/communicable disease or injury including those incurred or contracted while acting as a caregiver in my clinical experiences with Grand View University Department of Nursing will be paid for at my own expense. I understand that I am expected to be covered by personal health insurance.

I have been informed and understand that an altered state of my health or an increased health risk may be incurred as a result of care giving activities. Therefore, I agree to seek advice from a health care professional for any changes in my health status.

Students must access their CastleBranch account to upload a document indicating they have read the above information and have a full understanding of the learning opportunities, risks, and safeguards provided by the Grand View University Department of Nursing.
CARDIO-PULMONARY RESUSCITATION (CPR) REQUIREMENT

The BSN student must have completed one of the following CPR courses: CPR card- AHA HeartCode BLS or BLS Provider or Red Cross Basic Life Support for Healthcare Providers. These courses require renewal every 2 years. Other CPR courses will most likely not be accepted. Students must maintain current CPR status throughout the nursing curriculum. Students with expired certifications will not be allowed to continue in enrolled nursing courses.

ANNUAL STUDENT PHYSICAL EXAMINATION POLICY

The practice of nursing includes physical and mental/cognitive demands. In order to evaluate the student’s ability to meet these demands all nursing students in the Grand View Nursing program must have an annual physical examination. The student who has not completed the annual physical will not be allowed to participate in clinical or laboratory experiences. You must use the downloadable form on CastleBranch (See Appendix I for form)

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA) EDUCATION

Federal legislation, the Health Insurance portability and Accountability Act (HIPAA) of 1996, which includes the HIPPA Privacy Rule, the HIPPA Security Rule, and the HIPPA Breach Notification Rule, was established to provide individuals with certain rights to their health information. This information applies to most health care professionals and health care organizations. As a nursing professional you play a critical role in protecting the privacy and security of patient information. Students will complete an annual review, located on the Blackboard Community of Nursing, to assess their understanding of HIPPA. Students are required to upload the signed verification form, “Professional Student Nurse Communication Review,” to the castlebranch.org website annually.

PROFESSIONAL LIABILITY INSURANCE

All Grand View nursing students will be responsible for showing proof of professional liability insurance. The National Student Nurses Association has endorsed the Professional Liability Insurance Program for Student Nurses offered by Nurses Service Organization (NSO). The Department of Nursing recognizes that students may make the choice between NSO insurance and carrying their own liability insurance.

CRIMINAL BACKGROUND AND ABUSE REGISTRY

All students as a condition of admission must complete a criminal background check and record of dependent adult and/or child abuse through CastleBranch. Students accepted for admission to the Department of Nursing will be notified in the acceptance letter that their matriculation is contingent upon the evaluation and acceptable outcome of all required background checks. The following procedure will be followed:

1. Upon admission or readmission, the APGS committee will review the certified background check information for all students.
2. If a student is found to have a record of dependent adult and/or child abuse and/or criminal record (convictions/deferred judgments), other than minor traffic violations, this record will be sent to the Iowa Department of Human Services for evaluation in order to determine the student’s ability to complete the clinical education component of our nursing program.
3. The student will complete the evaluation form at http://dhs.iowa.gov/sites/default/files/470-2310.pdf
The student needs to include a detailed work history (employer, dates, position) on the evaluation form. Recent abuse and criminal checks must be included with the form. Students with recent history of criminal convictions/deferred judgments should include supporting documents.

4. The evaluation form and supporting documentation are submitted to the Department of Human services by Department of Nursing staff or faculty. If the Department of Human Services determines that the student cannot complete the clinical education component of the Grand View nursing program, the student may be dismissed from the nursing program.

5. All nursing students must self report to their nursing advisor if they have acquired a criminal conviction or deferred judgment or have a record of dependent adult and/or child abuse since their initial certified background check. The advisor will notify the Admissions, Progression, Graduation, and Scholarship Committee chair. The student will be asked to complete another criminal background check.

6. If any faculty or staff becomes aware of abuse or criminal record of a current nursing student, the student’s advisor will be asked to speak with the student of question. The advisor will notify the Admissions, Progression, Graduation, and Scholarship Committee chair. The student will be asked to complete another criminal background check at the student’s own expense.

**Nursing Student Expenses**

The following expenses are included in the University “charges” and will appear on your GV bill:

1. National Student Nurses’ Association membership (includes membership in IANS and GVNSA.).
2. Standardized testing package.
3. Criminal Background and Abuse Registry Checks.

Nursing students may incur expenses in addition to those the University “charges” with tuition and fees. The purchase of these items is the responsibility of the student. These student expenses may include the following:

1. Any health testing.
2. Immunizations.
3. Liability insurance.
5. An electronic data device such as a smart phone or tablet.
6. Professional nursing association activities (IANS Convention, Legislative Day).
7. Textbooks, reference books, and electronic or digital resources.
8. Virtual clinical simulation packages.
9. Printing services for special projects/assignments or copies for clients or peers in clinical or class.
10. Transportation to clinical agencies/class (students should not rely on public transportation).
11. Uniforms, lab coats, shoes, GV name tag.
   a. Students need to purchase at least one uniform set in their first clinical rotation.
   b. Students will be required to purchase additional uniforms as they progress through the program both to meet clinical site requirements and to ensure students wear a freshly-laundered uniform with each clinical experience.
12. NCLEX review course

See Appendix B for additional details about students expenses.

All expenses are subject to change.
TRANSPORTATION/TRAVEL TO CLINICAL SITES

Students must provide their own transportation to the clinical sites and other off campus locations which may be required for nursing class or clinical experiences. Clinical sites may be within a 100 mile radius of the Des Moines metropolitan area.

The student will need to access their CastleBranch account to download, sign, and reupload a document indicating that the student is aware of the nursing student expenses and transportation requirements and agrees to pay such expenses.

GRAND VIEW UNIVERSITY NURSING STUDENT ASSOCIATION (GVNSA)

GV nursing students have the opportunity to belong to the National Student Nurses Association (NSNA) through Grand View’s Total School Membership Plan. Membership in NSNA includes membership in the Iowa Association of Nursing Students (IANS) and Grand View University Nursing Student Association (GVNSA). Membership affords the students multiple opportunities to become involved in recruitment activities, community service and health activities, legislation and education activities, and leadership development activities. Members participate in organizational meetings, committee meetings, and conventions. Participation activities are integrated into the nursing courses throughout the program of study. Newsletters and the student magazine Imprint are also membership benefits. The membership fee is included in the billing for student’s University tuition and fees.

If questions arise regarding GVNSA membership, the student must meet with the Department Chair of Nursing. Only the Department Chair of Nursing may excuse the student from GVNSA membership.

NATIONAL STUDENT NURSES’ ASSOCIATION (NSNA), INC. CODE OF PROFESSIONAL CONDUCT

The Department of Nursing has adopted this code of conduct. It applies to all students in the nursing program regardless of their membership in NSNA or other professional nursing organizations.

As a member of the National Student Nurses’ Association, I pledge myself to:

- Maintain the highest standard of personal and professional conduct.
- Actively promote and encourage the highest level of ethics within nursing education, the profession of nursing, and the student nurses’ association.
- Uphold all Bylaws and regulations relating to the student nurses’ association at the chapter, state and national levels reserving the right to criticize rules and laws constructively, but respecting the rules and laws as long as they prevail.
- Strive for excellence in all aspects of decision making and management at all levels of the student nurses’ association.
- Use only legal and ethical principles in all association decisions and activities.
- Ensure the proper use of all association funds.
- Serve all members of the student nurses’ association impartially, provide no compensation from another member or non-member.
- Maintain the confidentiality of privileged information entrusted or known to me by virtue of an elected or appointed position in the association.
- Refuse to engage in, or condone, discrimination on the basis of race, gender, age citizenship, religion, national origin, sexual orientation, or disability.
• Refrain from any form of cheating or dishonesty, and take action to report dishonorable practices to proper authorities using established channels.
• Always communicate internal and external association statements in a truthful and accurate manner by ensuring that there is integrity in the data and information used by the student nurses’ association.
• Cooperate in every reasonable and proper way with association volunteers and staff and work with them in the advocacy of student rights and responsibilities and the advancement of the profession of nursing,
• Use every opportunity to improve faculty understanding of the role of the student nurses association.
• Use every opportunity to raise awareness of the student nurses’ association’s mission, purpose, and goals at the school chapter level.
• Promote and encourage entering nursing students to join and become active in NSNA
• Promote and encourage graduating senior to continue their involvement by joining professional nurses’ associations upon licensure as Registered Nurses.

Adopted by the 1999 House of Delegates
Pittsburgh, PA at the 47th Annual NSNA Convention

ACADEMIC & CLINICAL CONDUCT POLICIES

NATIONAL STUDENT NURSES’ ASSOCIATION, INC. CODE OF ACADEMIC AND CLINICAL CONDUCT

PREAMBLE
Students of nursing have a responsibility to society in learning the academic theory and clinical skills needed to provide nursing care. The clinical setting presents unique challenges and responsibilities while caring for human beings in a variety of health care environments. The Code of Academic and Clinical Conduct is based on an understanding that to practice nursing as a student is an agreement to uphold the trust which society has placed in us. The statements of the Code provide guidance for the nursing student in the personal development of an ethical foundation and need not be limited strictly to the academic or clinical environment but can assist in the holistic development of the person.

Code For Nursing Students
As students are involved in the clinical and academic environments we believe that ethical principles are a necessary guide to professional development. Therefore within these environments we;
1. Advocate for the rights of all clients.
3. Take appropriate action to ensure the safety of clients, self, and others.
4. Provide care for the client in a timely, compassionate, and professional manner.
5. Communicate client care in a truthful, timely, and accurate manner.
6. Actively promote highest level of moral and ethical principles and accept responsibility for actions.
7. Promote excellence in nursing by encouraging lifelong learning and professional development.
8. Treat others with respect and promote an environment that respects human rights, values and choice of cultural and spiritual beliefs.
9. Collaborate in every reasonable manner with the academic faculty and clinical staff to ensure the highest quality of client care.
10. Use every opportunity to improve faculty and clinical staff understanding of the learning needs of nursing students.
11. Encourage faculty, clinical staff, and peers to mentor nursing students.
12. Refrain from performing any technique or procedure for which the student has not been adequately trained.
13. Refrain from any deliberate action or omission of care in the academic or clinical setting that creates unnecessary risk of injury to the client, self, or others.
14. Assist the staff nurse or preceptor in ensuring that there is full disclosure and that proper authorizations are obtained from clients regarding any form of treatment or research.
15. Abstain from the use of alcoholic beverages or any substances in the academic and clinical setting that impair judgment.
16. Strive to achieve and maintain an optimal level of personal health.
17. Support access to treatment and rehabilitation for students who are experiencing impairments related to substance abuse or mental or physical health issues.
18. Uphold school policies and regulations related to academic and clinical performance, reserving the right to challenge and critique rules and regulations as per school grievance policy.

**Clinical Student Progress Reports**

Feedback is an important part of the learning process and its purpose is to help students grow and develop the knowledge, attitudes, and behaviors essential for professional nursing practice. Framed within the core values of Grand View University’s nursing program and the AACN Essentials of Baccalaureate Education for Professional Nursing Practice, this tool will evaluate the student’s progress toward higher level psychomotor skills and cognitive ability essential for safe and effective professional nursing practice.

Each week, clinical faculty will evaluate the student during the clinical day. The evaluation will be shared with the student before the next clinical day. When possible, concerns will be communicated to the student by the end of the clinical day. In the event this communication is not possible, the student may be asked to meet with the course or clinical faculty at another time before the next clinical day to discuss. For areas identified as needing improvement, a remediation plan will be developed between the student and clinical or course faculty. At the end of the term, a final evaluation conference will be conducted between the student and clinical and/or course faculty to review summative progress. Any concerns or comments related to the student’s classroom performance may be documented on this tool as well. Ratings will be noted on the tool in the following manner:

<table>
<thead>
<tr>
<th>Rating</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>S = Satisfactory Progress</td>
<td>Student demonstrates steady, consistent performance related to identified clinical competencies. An asterisk * may be placed next to an S for which the student may have demonstrated satisfactory progress, but requires minor suggestion(s) for improvement.</td>
</tr>
<tr>
<td>NI = Needs Improvement</td>
<td>Student needs to demonstrate more independent performance of clinical competency on a continuing basis. Student requires much or repeated assistance/redirection and requires verbal and/or physical cueing from professor. Student needs to review course syllabus and/or Nursing Student Manual regarding expectations, policies, and procedures.</td>
</tr>
<tr>
<td>U = Unsatisfactory Progress</td>
<td>Student does not demonstrate improvement of competencies to a satisfactory progress level. Unsatisfactory progress at the evaluation time may be due to inconsistent performance, infarctions, absenteeism, or lack of preparedness.</td>
</tr>
<tr>
<td>EA = Excused Absence</td>
<td>Student was absent from clinical. Unexcused = no call, no show and may result in an accountability contract.</td>
</tr>
<tr>
<td>UA = Unexcused Absence</td>
<td>Competency is not applicable/not subject to evaluation during this clinical.</td>
</tr>
<tr>
<td>NA = Not Applicable</td>
<td></td>
</tr>
</tbody>
</table>

**Clinical Remediation Policy**

Clinical remediation for NIs are not optional. Students must complete the applicable remediation activity within 1-2 weeks (see below) of the incident. Students who successfully remediate will have the NI remain on their report but noted under "Remediation Resolutions" that the NI was resolved. Students who fail to successfully remediate will have the NI become a U. Receipt of a U is permanent. At the discretion of the course or clinical faculty, the student may receive a written warning, an accountability contract, or an F for the course. Repeated NIs for the same problem, even if successfully remediated, may result in an accountability contract with possible failure of the course. Remediation for NIs must be completed in the following manner:

| Safety Competency (NI) | Within 2 weeks of the incident, the student must schedule and attend an appointment in the CFL to demonstrate acceptable competency of the skill(s) of concern. Upon completion, CFL staff will notify the course or clinical faculty of the outcome. The student may also be asked to write a reflection about the incident - see below for criteria. |
Caring & Professionalism, Clinical Decision-Making, Communication Competencies (NI) | Within 1 week of the incident, the student will type a 2-3 page, double-spaced, APA-formatted reflection and answer the following questions: Describe the incident that occurred using factual, objective verbiage. What effect did (or could) the behavior have on the patient, clinical site, and Grand View University? What could the student have done differently in the situation? How will the student manage a similar situation in the future? Student must email the reflection to clinical and course faculty for review and final resolution.

Absences | At the discretion of the course or clinical faculty, all absences from clinical must be made up. The attendance policy set forth in the Nursing Standard Syllabus Statements and the University’s attendance policy will be enforced. Per the “Failure to Comply with Course Policies” in the standard syllabus statements, unexcused absences may result in a written warning, an accountability contract, or failure of the course.

**CLINICAL AGENCY POLICY**

Students enrolled in a nursing course with a clinical component are expected to follow the policies and procedures of the assigned clinical agency. The first violation of a clinical agency policy will result in a student being placed on an accountability contract. A second violation may result in failure of the nursing course and possible dismissal from the nursing program.

**PROFESSIONAL BOUNDARIES**

Professional codes of conduct are the foundation for caring relationships. These relationships exist primarily during the student’s education within the timeframe of their enrollment in the nursing program. These relationships are developed between client/patient-nurse, student-faculty, faculty-faculty, and student-student. The client/patient-nurse relationship exists within the timeframe of the nursing course. The National Council of State Boards of Nursing has developed a document that provides the basis for understanding the boundaries for such relationships. The document is available at [https://www.ncsbn.org/3757.htm](https://www.ncsbn.org/3757.htm)

The student who wishes to continue this student-patient/client relationship beyond the end of the course must discuss this with the course faculty prior to the end of the course. Patients/clients may express gratitude to the student for care provided in the context of the student-patient relationship. The Department of Nursing limits a student’s acceptance of gifts from a patient/client to those of less than $3.00 in value.

**PATIENT CONFIDENTIALITY, PRIVACY, AND SECURITY**

Patients and clients are entitled to confidentiality, privacy, and security of their medical information. All practicum policies and procedures are in compliance with HIPAA. While students may share non-identifiable information for course and learning purposes, no patient information of any kind should be shared outside confidential settings in the practicum site or classroom.

No facility or facility staff information should be shared via email, on social networking sites, or by other means outside the learning environment. The instructor may direct students to share select de-identified patient information via email for course preparation or learning purposes. Sharing on Blackboard is permissible, as directed by the instructor, because Blackboard access is password-protected. Pictures of patients must never be taken, whether a patient gives permission or not. If
patient pictures are being considered for an educational purpose, the student must check with the instructor who will determine policies at the practicum site. Absolutely NO reference to a patient, even if de-identified, should ever be shared electronically via email or on social networking sites such as Facebook. In addition, the National Council of State Boards of Nursing’s (NCSBN) delineates expectations in The Nurse’s Guide to the Use of Social Media. The document is also available at https://www.ncsbn.org/Social_Media.pdf

**CIVILITY IN THE CLASSROOM AND CLINICAL**

It is inherent in the role of the Professional Caring nurse to behave in a professional and ethical manner as outlined in the NSNA Code of Academic and Clinical Conduct. As part of the annual nursing student certification (located on the Nursing Community for Students Bb site), students will have the opportunity to review annually and upload to the CastleBranch website.

According to the American Nurses Association, incivility may be exhibited through behaviors such as rudeness, condescension, passive aggressiveness, bullying, psychological abuse, or deliberate undermining of activities. These types of incivility may lead to a non-supportive organizational climate in which students feel pressured by peers to look the other way, and thus fail to support the person experiencing such incivility.

Students are expected to conduct themselves ethically, honestly, and with integrity. This requires the demonstration of mutual respect and civility in academic and professional discourse. See Standardized Syllabus statements for specific expectations.

**CHILDREN AND PETS IN THE CLASSROOM**

No children or pets are allowed in the classroom unless their presence is directly related to class content and specific permission has been obtained from the course instructor in advance. See Grand View University Disability Services Guide for information regarding service animals.

**PROFESSIONAL APPEARANCE**

Your attire should always project a well-groomed, professional appearance. If you have questions or concerns about whether something is appropriate to wear, the best rule is not to wear it, or discuss it with your instructor. Any deviations in this clinical attire policy will be identified by the course instructor.

1. **NAME/I.D. BADGE**: Each student will wear a photo identification badge at all times during clinical. During clinical at institutions that provide photo ID badges, you must wear the photo ID badge with your photo and name visible at all times. If you are in another setting that does not provide a badge, you must wear the GV photo identification badge. You are not permitted to wear an identification badge from another institution as a replacement for another facility’s badge. For example, you may not wear a UnityPoint badge while doing clinical at Broadlawns. If a student arrives to clinical without the proper identification badge, the student cannot participate in clinical and will be sent home to retrieve it. GV nursing students are issued name tags by the Department of Nursing. There is no cost to the student for the first photo ID badge. You may not share your badge with another individual. If you lose the badge, you are responsible for the replacement fee. ID Badges must be returned to the Center for Learning at the end of every semester. At the beginning of each semester the student will be responsible for procuring the ID badges from the Center for Learning staff prior to any clinical/laboratory experiences.
2. **FOOTWEAR**: Shoes are required and should be polished or clean to promote a professional appearance. Footwear and hose/socks should meet safety standards for the clinical area (closed toes). Crocs with holes in the top, sports sandals, and beach footwear are not acceptable. The color of the shoes and socks should be appropriate for the uniform. In some clinical areas street shoes may not be worn on the unit: please check with your instructor.

3. **HAIR**: Hair should be neat and clean. For personal and patient safety, long hair should be pulled back away from the face and secured so it cannot be grabbed by patients and does not fall onto patients or interfere with the work area. A plain solid black headband is permitted to keep hair back. Headbands with exotic colors and patterns are not to be worn to any clinical setting. Unusual hair coloring is not permitted. Beards and mustaches must be kept clean and neatly trimmed.

4. **NAILS**: Fingernails can promote the spread of infection and be a safety hazard when providing patient care. Artificial nails can harbor bacteria and spread infection. Fingernails should be in good repair. Grand View Nursing’s policy does not allow students or faculty working in the clinical setting to wear any kind of nail polish or artificial nails, including but not limited to clear top coat, regular nail polish, shellac, gel acrylic, ceramic, and brisa. Long nails, artificial nails, and nail adornments are not permitted. Nails must be kept clean, short, and natural.

5. **CLOTHING**: Clothing should be clean, pressed, in good condition (free of holes, tears, pet hair, and lint), and should fit properly. Undergarments must be worn and should not be visible through clothing. Students in all clinical practice settings, including community and acute care institutions, should wear the GV nursing red scrub shirt and black scrub pants or skirt. For some courses, the student may be required to wear a black scrub shirt instead of red. If the student chooses to wear a shirt under the scrub shirt it must be solid black with no patterns, stripes, or polka dots. A white “consultation” type lab coat with identifying GV nursing patch on the upper outer left sleeve or a sleeveless vest with identifying GV nursing patch on the upper left front of the vest and professional business casual clothes must be worn whenever the student is in a clinical/practice area without the specified uniform. Business casual clothes do not include shirts that show cleavage, leggings of any kind, or skirts/dresses less than knee length. The white lab coat may be worn over the scrub shirt during clinical. No other color of lab coat is permitted. Casual clothing is not appropriate at any time in the clinical setting (jeans, t-shirts, sweatshirts, leggings). Some units require special clothing for that area. Your instructor will inform you regarding special clothing requirements.

6. **ODOR**: Body odor and perfume/cologne can be offensive to patients, family members, or your peers. Perfumes/colognes may cause allergic reactions. Perfume and colognes should not be worn in areas with patient contact. Excellent personal hygiene is an expectation of students. Body odor is unacceptable.

7. **JEWELRY AND PIERCINGS**: Jewelry should be worn in moderation. Many types of jewelry may harbor organisms which could be harmful to patients. Touching jewelry with unclean hands puts the student at risk for infection. The following jewelry and/or piercings are permitted in clinical settings, though faculty and/or institutional policy may be further limiting:
   a. One (1) ring per hand
   b. A watch
   c. Two (2) earrings per ear, no longer than 1 inch below the earlobe
   d. Piercings completely covered by clothing and not visible (e.g. nipple, belly button, etc.)

   The following jewelry and/or piercings are NOT permitted in any clinical setting:
   a. Bracelets
   b. Necklaces
c. Facial piercings of any kind including nose rings, eyebrow rings, tongue rings, labret piercings, cheek piercings, etc. These must be taken out; covering the jewelry with a bandaid or other object is not acceptable.

8. **TATTOOS**: Small, individual, visible tattoos that are not offensive in nature are allowed in most clinical settings. Offensive tattoos may include, but are not limited to, curse words, derogatory words or phrases, images of violence or bloodshed, naked body parts, figures with cleavage, and satanic or persecutory images. Some clinical institutions may have their own policies banning visible tattoos, and in this case that institution’s policy will supercede this GV policy. Students with multiple, large, or a sleeve of tattoos on their arm(s) will be required to wear a long-sleeved shirt in clinical. Students with multiple neck tattoos will be required to wear a turtleneck shirt.

9. **MEDICAL OR OTHER EXCEPTIONS**: If you have any medical, religious, or other exceptions to the professional appearance guidelines, please discuss them with your instructor.

**PROCEDURE FOR CLINICAL ABSENCE**

*See course syllabi for any special instructions.*

If a student is unable to attend clinical, the student must:

- Contact, by phone or in person, the course faculty, at least one (1) hour prior to the scheduled clinical time.
- Notify by phone the designated client or clinical agency, at least one (1) hour prior to the scheduled clinical time.
- At the discretion of the faculty member, submit a release signed by a health care provider to return to clinical.

**FINALS VOUCHER POLICY**

At the end of every semester clinical/laboratory experiences students will present the photo ID badge and any other Center for Learning equipment checked out during the course of the semester to the Center for Learning. Staff will in turn provide the student with a voucher which indicates the student has returned all of the equipment and ID badge. This voucher will be required for the student to participate in nursing final exams/activities. (This form is available in Appendix D).

**STUDENT ACCOUNTABILITY**

All students are expected to behave in a professional manner (see Standardized Syllabus Statements, NSNA Code of Academic and Clinical Conduct). Evidence of unprofessional behavior is ground for disciplinary action (See Appendix C for Disciplinary Responses, Written Warning, and Accountability Contract).

A student who practices unsafe nursing care at any time or fails to meet the inherent moral, ethical, and legal nursing practice guidelines, as outlined in NSNA’s Code of Academic and Clinical Conduct, will meet with the faculty member to discuss consequences which may result in an accountability contract, failing the course and/or dismissal from the program. Persistent unsafe practice or unsafe performance, which results in untoward consequences or has the potential for untoward consequences for the patient or health care team member; failure to meet the inherent moral, ethical and legal nursing practice guidelines in this course, may result in expulsion from the Nursing program as well as Grand View University.
DISCIPLINARY RESPONSES

There may be situations which arise when a student’s performance in the classroom, clinical, or laboratory setting is unsatisfactory or unprofessional and causes faculty members to express concern. This concern is documented through the clinical progress reports, written warnings, and accountability contracts.

In determining the appropriate discipline or corrective action, the clinical and/or course faculty will consider professional standards, seriousness, and potential for harm. Department coordinators and chair are consulted as needed based on the seriousness of the situation.

See table in Appendix B for criteria that will be used to determine disciplinary responses for students.

WRITTEN WARNING AND ACCOUNTABILITY CONTRACT

An accountability contract is a behavioral contract developed by the course faculty and the student’s advisor to clarify expected students behavior. This contract is created when a student has been found to demonstrate action that is not consistent with course policies or expectations. The faculty and student will meet to discuss ways to meet course outcomes. The student will earn a failing grade in the course if the outcomes are not met.

- A student who demonstrates behavior not consistent with course policies/expectations will receive written warning notification by course faculty.
- An Accountability Contract may be developed if the behavior continues. The student will meet individually with course faculty and academic advisor.
- The student, course faculty, and advisor must sign and date the Accountability Contract. The contract must be signed by the student in order for the student to continue in the course or the student will receive a grade of F for the course. The student may respond with written comments.
- An original contract will be placed in the advising file. The student and advisor will receive a copy of the contract.
- At the completion of the contract time frame or semester, the course faculty will write a resolution statement, describing the outcome of the contract. Copies of the updated contract will be given to the student and advisor. The original document is placed in the student’s permanent file. A student can be placed on accountability contract two (2) times while in the nursing program. If course faculty need to place a student on an accountability contract for the third time, this is grounds for dismissal from the nursing program. The APGS Committee will notify the student of their dismissal from the nursing program.

See Appendix B for Written Warning and Accountability Contract templates.

STUDENT CONCERNS/GRIEVANCE PROCEDURE

A student who has concerns about a grade on a course assignment, a final course grade, or other matters must adhere to the following process and in the following order:

- First discuss the concern with the course faculty member. If the student is unable to resolve the concern after talking with the faculty member, the student should...
- Discuss the concern with his or her academic advisor. If the student is unable to resolve the concern after talking with the advisor, the student should...
- Direct the concern in writing to the Nursing Department Coordinator of Student Success (email is acceptable). If the student is unable to resolve the concern with the Coordinator of Student Success, the student should...
Direct the concern in writing to the Department Chair of Nursing.

The student must follow the process and not automatically take his or her concern about an assignment or grade to the Department Chair of Nursing, as exclusion or avoidance of the course faculty member involved is considered unprofessional. Student pursuance of a concern will end at the Department Chair of Nursing level, unless a violation of policy is being presented in which case the student would direct the concern in writing to the College Dean.

Faculty members and academic departments are expected to follow their internal policies and procedures as well as University policies and procedures. If a student, faculty member, or staff member believes that another faculty member or an academic department has not followed applicable policies or procedures, they should notify the Provost and Vice President of Academic Affairs in writing within 10 days of the incident that leads to concern.

**FORMAL COMPLAINT POLICY**

Formal complaints made by students, parents of students, community members, clients, or others must be in writing and directed to the Department Chair of Nursing. All formal complaints will be evaluated by the Department Chair of Nursing and a written reply to the complaint will be given within one month. Records of formal complaints and the written reply will be kept on file for three (3) years.
**ACADEMIC PROGRESSION POLICIES**

**TRANSFER CREDIT EVALUATION**

The Department of Nursing only evaluates nursing courses for credit transfer.

**GENERAL GUIDELINES**

- Students **must be accepted into the nursing program** before consideration will be given to transfer of nursing courses.
- Transfer credit will only be considered for courses in which the student earned a “B” or higher grade.
- Students, under the guidance of their faculty advisor, send syllabi to Nursing Administrative Assistant 3 months prior to the semester for which credit is being evaluated.
- No partial credit will be given for any courses.
- **Transfer credit for the following courses will not be accepted:**
  - NURS220 – The Caring Professional Nurse
  - NURS410 – Psychiatric/Mental Health Nursing
  - NURS420 – Adult Health II
  - NURS440 – Complex Older Adult Health
  - NURS460 – Community Health Nursing
  - NURS470 – Baccalaureate Practice Immersion
  - NURS480 – Scholarship for Professional Practice
- **Credit for the following courses is transferable and eligible to be evaluated:**
  - NURS210 – Basic Physical Assessment
  - NURS320 – Adult Health I
  - NURS340 – Maternal/Newborn Nursing
  - NURS350 – Pediatric Nursing
  - NURS250 – Foundations of Nursing I and NURS310 – Foundations of Nursing II: Transfer credit will only be considered if the student is able to demonstrate appropriate knowledge and skill level in the following content areas: Pathophysiology, Pharmacology, Assessment, and Fundamentals skills. This may be demonstrated by syllabus review, and/or content/skills examination.

**PROCESS**

1. **Receipt of transferring institution transcripts and syllabi**
   - Admissions receives transferring institution transcripts and sends them to the transcript analyst in Registrar’s Office.
   - Advisor or Nursing Curriculum Committee Chair directs student to give course syllabus to Nursing Administrative Assistant, as well as a letter clarifying which course(s) are to be considered for transfer credit.

2. **Nursing Administrative Assistant receives syllabi**
   - **Date stamp syllabi when received in Department of Nursing.**
   - Verify that student has been admitted to Grand View University and to the Nursing Program.
   - Check student folder.
• Confirm that student has passed course(s) for which the student is seeking credit with grade of B or higher. Call Transcript Evaluator for verbal confirmation of course grade.
• Complete appropriate sections of “Evaluation of Transfer Credit” form (sample follows) for each syllabus received.
• Send syllabus and Faculty Evaluation of Transfer Credit form to appropriate nursing course faculty.

G R A D I N G I N N U R S I N G C O U R S E S

The grading scale for the Department of Nursing is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>94-100</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>90-93</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>84-89</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>80-83</td>
<td>3.0</td>
</tr>
<tr>
<td>B-</td>
<td>77-79</td>
<td>2.7</td>
</tr>
<tr>
<td>C+</td>
<td>74-76</td>
<td>2.3</td>
</tr>
<tr>
<td>C</td>
<td>70-73</td>
<td>2.0</td>
</tr>
<tr>

<tr>
<td>D-</td>
<td>57-59</td>
<td>0.7</td>
</tr>
<tr>
<td>F</td>
<td>&lt;57</td>
<td>0.0</td>
</tr>
</tbody>
</table>

• Grades are calculated as percentages. If the calculated grade results in a portion of a point, those ≥ 0.5 will be rounded up.
• A cumulative faculty-made exam score of ≥70% is also required to pass a nursing course. HESI specialty and exit exams are not included in the cumulative calculation.
• Refer to the “Exams” policy in the Nursing Standard Syllabus Statements.

Because knowing and understanding emerge from both clinical and classroom experiences, one grade will be given for the course which encompasses clinical and classroom experiences. All nursing courses are viewed as seamless.

A student must successfully complete the course by receiving an A, B, or C letter grade. If a student receives a C-, D, or an F as a final grade in the nursing major, the student must repeat the course. For each course retaken, the most recent grade will be computed into the GPA. The failing grade remains on the student transcript. In the event that the student is unable to successfully complete a nursing course the second time with a C or above, the student will be dismissed from the nursing program (see Dismissal Policy). A student may drop a nursing course if it is within the University time frame limits.
**PROGRESSION IN THE NURSING MAJOR**

Students must maintain a cumulative Grand View (GV) grade point average \( \geq 3.0 \). If a student’s GV cumulative GPA falls below 3.0, the student will be placed on Nursing Program Academic Probation for one semester (this is different than the Institutional Academic Probation process). During this probationary period, the student must meet with their academic advisor and the Coordinator for Student Success to develop an academic plan, no later than the second week of the probationary semester. The student must also meet with their academic advisor throughout the semester as delineated in the academic plan.

The student’s GPA will be re-evaluated at the completion of the probationary semester. The following outcomes will apply:
- If the student obtains a cumulative GPA \( \geq 3.0 \) after the probationary semester, the student may continue to progress in the program.
- If the student’s cumulative GV GPA remains below 3.0 after the probationary semester, the student will not be eligible to register for any nursing courses until GPA is \( \geq 3.0 \).
- If the student’s cumulative GV GPA is below 3.0 for three (3) consecutive semesters, the student will be dismissed from the nursing program.

Students who are admitted to the nursing program, but who do not register for the nursing courses as specified in the admission letter are considered to have declined the admission. These students would need to reapply for admission.

Students who are admitted to the nursing program and do not register for nursing courses or withdraw from nursing courses for two consecutive semesters are considered to be inactive. They are not eligible to register for nursing courses until they reapply to the nursing program and are readmitted.

**FAILED NURSING COURSES**

All failed (C-, D, or F grade) courses with a NURS number must be repeated at Grand View in order to earn credit for that course.

**INDIVIDUAL PROGRAM CHANGES**

A student wishing to adjust the prescribed progression through the nursing curriculum must petition the APGS Committee for permission to do so.

**Procedure:**
1. Student must discuss proposed change with advisor.
2. Advisor will provide the student with appropriate petition form and student must complete and sign the petition form.
3. Advisor, Course Coordinator, Coordinator for Student Advancement must sign form acknowledging petition.
4. Petition is sent to APGS Committee for action.
5. Committee will notify student regarding action taken. Possible actions include: Accepted pending space available OR the petition may be denied.
6. Action will be recorded on form and petition filed in student’s file.
7. Notification of action will also be sent to Registrar’s office to be placed in student’s permanent file.

See Appendix C for sample of form to complete.
**Leave of Absence**

A leave of absence may be granted to a nursing student for up to one semester. The process is as follows:

1. The student contacts the nursing advisor to discuss the leave of absence request.
2. The student writes a letter (may be an email) to the APGS Committee Chairperson stating the time frame for the leave of absence. (A personal interview may be requested.)
3. If the leave is approved by Nursing APGS, student contacts Registrar’s Office to start the withdrawal process.
4. The Coordinator of Student Advancement will be notified and document the student’s leave.
5. When the student plans to return, the student must notify the APGS Committee by letter (may be an email).
6. If the student leave is only one semester, Nursing APGS will contact the Registrar’s Office to reactivate student in the system (if student is away for more than one semester, student would contact Admissions to reapply to Grand View).
7. The student will register for nursing courses at the end of the registration period and admitted to class pending space available.

**Program Completion Time Limit**

The time limit for completion of nursing courses must be six (6) years following admission to the nursing major.

**Veteran’s Readmission Policy**

The Department of Nursing will comply with the University policy on military leave of absence (see Veteran’s Readmission Policy.)

**Dismissal from the Nursing Program**

A student may be dismissed from the nursing program for any of the following reasons:

1. Providing false or incomplete information on the application form.
2. Receiving a “C-“, “D” or “F” twice in the same nursing course and/or failing two different nursing courses.
3. Dishonesty (see policy statement in the University Student Handbook and the NSNA Code of Academic and Clinical Conduct).
5. Placement on an Accountability Contract for the third time.
6. Unsafe client care (See Nursing Student Handbook – “National Student Nurses’ Association, Inc. (NSNA) Code of Academic and Clinical Conduct”)
7. Cumulative GV grade point below 3.0 for 3 consecutive semesters.
8. Determination by the Department of Human Services that the student cannot complete the clinical education component of the Grand View nursing program.

Students dismissed from the program for unsafe clinical practice may remain in the classroom but not the clinical, should they grieve the decision. They will be able to participate fully in class, including discussion, testing, and writing assignments. If the outcome of the grievance finds in favor of the faculty member, then the student will be immediately dropped from all nursing classes. If the outcome of the grievance finds in favor of the student, the student will be allowed to make up the clinical time and written work with no penalty.
Procedure:
The APGS Committee will consider the individual situations and make recommendation to the Department Chair for dismissal.

1. Students who are dismissed from the Nursing Program will be dropped from their Nursing courses immediately upon notification of the registrar by the Nursing Admissions, Progression, Graduation and Scholarship Committee.
2. A dismissed student may no longer participate in nursing classes or clinical activities.
3. Students who are dismissed from Grand View University for non-academic reasons will receive a grade of W in all courses if the dismissal is before the withdrawal deadline unless the student has been found guilty of academic dishonesty or other failed accountability contract and a penalty of a F grade for a course or series of courses has been sanctioned.
4. If the dismissal is after the withdrawal deadline, the earned grade for the course will be determined including zero credit for the incomplete course work after the date of dismissal.

Readmission to the Nursing Program
Students who are eligible to re-apply to the nursing program must do so within six (6) years of leaving the program and must complete the following:

1. Write a letter to the APGS Committee requesting re-admission to the program. The letter must address evidence of potential and a plan for success in the program.
2. Reapply to Grand View University.
3. Submit transcripts of any additional course work at other colleges and universities to the Registrar’s Office.
4. Reapply to the Department of Nursing.
5. Readmission interview(s) may be scheduled with nursing faculty. (See Readmission Interview Process).
6. The APGS Committee will review previous student file and reason of dismissal.
7. The APGS Committee will act upon the re-admission request and may require proficiency examinations or other requirements prior to re-entering the nursing program.
8. Student’s registration in nursing courses will be contingent upon the following:
   a. Completion of the registration process.
   b. Available space in the courses to resume the sequence of nursing courses. The student will register at the end of the registration period.
   c. Passing proficiency exam and/or other requirements of the APGS Committee.
9. Students who have been dismissed may reapply only once.

Honesty Policy
See Academic Honesty Policy in University Student Handbook. Also see the NSNA Code of Academic and Clinical Conduct.

Additional Resources
Additional resources for faculty can be found on the advising tab at https://myview.grandview.edu/academics/advising/advisingforfacultyandstaff/Pages/default.aspx

Mandatory Student Referral for Health Care
Students will be referred to appropriate health care providers when a faculty member thinks that there is a problem that is interfering with the student’s progress.
Purpose
The purposes are twofold:
1. To protect the student’s well-being.
2. To protect the well-being of clients.

Procedure
1. The faculty member will initiate a conference with the student to discuss the problem.
2. A specific description of the problem will be written out and signed by both the instructor and the student.
   a. Plan of action will be developed
   b. Decision to do nothing
3. Referral made to appropriate health care person/agency:
   a. Medical
   b. Nursing
   c. Counseling
   d. Health Care Agency
4. The student will sign a release of information form to be used by faculty in consultation with health care provider.
5. Referral form will be completed and returned to the faculty member initiating the referral and placed in the student’s advising file.
6. Student may be denied admittance to or restricted in attendance at class and/or clinical until seen by the referral person/agency and recommendations carried out.

Student Referral Outcomes Based on Health Care Recommendation
1. If the health care provider checks a specific letter on the “Referral for Student to Seek Health Care” form, the student must complete that action before returning to clinical/class.
   a. The student may return to the clinical area and/or classroom as determined appropriate by the faculty member.
   b. The student may return to the clinical area and/or classroom in the time designated by the health care provider, granted other recommendations (i.e. d., e., f.) have been met; this is indicated if the student had infectious illness, needs lab tests, should rest at home, etc.
   c. The student may return to the clinical area and/or classroom as designated with no follow-up.
   d. The student may return to the clinical area and/or classroom as approved by health care provider and faculty member; the illness and/or treatment must not endanger the health and welfare of the student or health care clients; the student might be on medication, etc., but is able to function in the clinical area.
   e. The student may return to the clinical area and/or classroom with referred health care provider and faculty member approval to see a designated specialist or attend designated treatment program as soon as possible.
   f. The student has made a return appointment for a specified date at a designated office.
      Attendance at appointment will be verified. Permission to return to the clinical area and/or classroom is granted by the health care provider, but is also at the discretion of the nursing faculty member who can more appropriately decide if the student can function in the given assignment in the clinical area and/or classroom.
2. If student does not comply with the request for referral, he/she may be denied attendance at clinical/class and the matter referred to the Department Chair of Nursing.
**Nursing Electronic Portfolios**

The Grand View nursing student completes an electronic portfolio. An electronic portfolio development process will be initiated in the foundation courses and will continue as the student progresses through the entire program of study. Portfolio contents should include items considered to be representative of development toward accomplishment of the outcomes for the nursing major. The culmination of artifact collection for the nursing portfolio will occur in NURS 480 Scholarship for Professional Practice. The portfolio and accompanying written synthesis are assignments due in the final semester of the nursing program of study at Grand View University. The portfolio synthesis will serve as a bridge to professional nursing practice and provide direction for future professional development as a reflective practitioner.

**Benchmark Testing**

All nursing students will be required to take standardized examinations throughout their program of study. These standardized exams are used as benchmarks for assisting students in determining their progress compared with a national norm. There are fees associated with some of these examinations. The use of standardized examination benchmarks assists students in preparation for the RN licensing examination, NCLEX. Scores on these exams may account for up to 10% of the course grade.

**Remediation**

Following all Specialty and Exit Exams, students are required to remediate. Remediation requirements depend on each individual student’s exam performance. Exam Scores can be indicative of the student’s level of risk for success in the program and on NCLEX. Students with lower exam scores require more intense remediation. Students must submit evidence of remediation to certain courses throughout the curriculum as noted on the course schedule.

**Exit Exams**

All nursing students enrolled in NURS470 Baccalaureate Practice Immersion will take EVOLVE Exit Exams v. 1 and 2. Scores on v. 2 exam will be used to calculate final course grades in NURS470 Baccalaureate Practice Immersion and will provide the basis for individualized learning contracts to prepare for NCLEX-RN.

**Nursing Pin**

Students may purchase the Grand View Nursing pin and receive it at a pinning ceremony.
GRADUATION POLICIES

In general, a student is eligible for graduation based on the following criteria:

1. Meet general University requirements for the baccalaureate degree.
2. Successful completion of course requirements for a Bachelor of Science in Nursing degree.
3. Completion of 124 semester hours and all required lower and upper division courses in the Nursing major curriculum.
4. Standardized testing.
5. Minimum 3.0 nursing major GPA and minimum 3.0 cumulative GPA.

POLICY

- A Baccalaureate track student must have a Nursing GPA of >3.0 to graduate.
- For pre-licensure students, courses used to figure Nursing GPA are BIOL160, 165, 140, 256, CHEM107, MATH241, SOCS101, PSYC101, 212, 320, NURS210, 220, 250, 310, 320, 340, 350, 410, 420, 440, 460, 470, and 480.
- An LPN who is a BSN student is considered the same as the BSN student and must meet the same graduation requirements.
- For RN-BSN Baccalaureate students, courses used to figure Nursing GPA are STAT241, NSGP325, 355, 425, 465, and 485.
- If a student does not have the required Nursing GPA, the only means of raising the Nursing GPA is to take a course within this nursing major; not a nursing elective or other independent study.

GRADUATION PETITION PROCEDURE

See University catalog or link at https://myview.grandview.edu/academics/advising/PlanOfStudy/Pages/default.aspx

REFERENCE OPTION FORM AND SUMMATIVE GRADUATION PROFILE

In the final semester of the program, a Reference Option Form will be distributed to students. Upon completion, this document and the NURS470 Summative Evaluation form will be given to the Nursing Administrative Assistant to be placed in the student’s permanent file. (Reference Option form available in Appendix G.)

CERTIFICATION FOR NCLEX-RN (STATE BOARDS)

The Iowa Board of Nursing (IBON) grants Authority to Test (take NCLEX) after the student’s graduation date is recorded on the official transcript. IBON will not accept waivers or letters of explanation when degree conferral is earlier than the official transcript date.

A student deficient nine hours or less for graduation may participate in commencement exercises, but he/she will not be certified to take NCLEX-RN examinations until he/she completes the deficient courses and has received an official graduation date from the University. Completion of the deficient courses and the NCLEX-RN application process must occur prior to the administration of the NCLEX-RN examination.
**RECOMMENDATIONS FOR STUDENTS:**

- Anyone who takes a May, June, July, Summer Session, Session 5 or Session 6 course will be an August graduate, no matter how many or how few credits they take during the summer.
- If students choose to take coursework for their core, additional major, or minor during the summer, that will delay their degree conferral, and the authority to test.
- If a student is also pursuing a BA, and they have outstanding coursework to complete for the BA, it may be in their best interest to ask for conferral of the BSN degree immediately upon completion, apply for readmission, and then complete the BA. However, this does carry some financial aid implications so no student should make this decision without contacting their advisor and the Financial Aid office.
- The staff in the Registrar’s Office will communicate this information to students and their advisors in the graduation petition audit results, so that they know ahead of time that their intended graduation date could affect when they are allowed to take NCLEX.
- Students who receive an Incomplete in NURS 470 can be April graduates or August graduates depending on when the course is completed, and a grade change form is submitted. Every year the Registrar’s Office calculates the mid-point between the April conferral date and the August conferral date. Students who complete on the early half are April graduates; students who complete on the late half are August graduates.
- If you choose to take coursework for the core, an additional major, or minor during the summer, that will delay your degree conferral and your board exam.

**GUIDELINES FOR APPLICATION TO TAKE THE NCLEX**

If you plan to be licensed in the state of Iowa:

- a. Pick up NCLEX packet from Nursing Administrative Assistant.
- b. Access [https://nursing.iowa.gov/licensure/exam-nclex-and-foreign-graduates](https://nursing.iowa.gov/licensure/exam-nclex-and-foreign-graduates) for information regarding applying for initial licensure. The fee is $143.00 payable to the Iowa Board of Nursing and includes a criminal history background check. Use exactly the same name and address as the one given on the NCLEX.
- c. Complete the Signed Waiver Form, two (2) fingerprinting cards, and information regarding criminal offense(s) (when applicable), and send by mail to the Iowa Board of Nursing. DO NOT bend or fold the fingerprinting cards. DO NOT complete the cards prior to being fingerprinted.
- d. The online NCLEX application and the online Iowa Board of Nursing applications MUST both be completed at the same time.
- e. Information regarding criminal conviction:
  1. Send a copy of the court records (i.e. sentencing order, disposition documents, trial information, judgment entry), **with the application by exam**.
  2. A brief summary of the conditions that led to the charge(s) including date, location and outcome must be included with the application.
- f. The NCLEX application fee is $200.00. The NCLEX Registration form is available to complete online at [www.pearsonvue.com/nclex](http://www.pearsonvue.com/nclex) (select the registration option) or by telephone at 1-866-496-2539.
- g. Complete a Transcript Request Form and submit it to the Nursing Administrative Assistant.

**REMEMBER:** The Iowa Application for Exams and the NCLEX Registration will expire 90 days after you are authorized to test. These applications are valid for the dates indicated on the Authorization to Test (90 days). If your Authorization to Test expires, you will be required to re-submit **both applications and fees.**
If you are taking the NCLEX-RN exam in another state:

- Contact the State Board of Nursing office in the state in which you plan to be licensed, complete an application for Licensure and an NCLEX-RN application.
- Make sure you answer all questions on the Board of Nursing application and check if the form needs notarized. Nursing Administrative Assistant is a notary public.
- Complete a Transcript Request Form and submit it to the Nursing Administrative Assistant.
STUDENT SUCCESS RESOURCES

CENTER FOR LEARNING

The Center for Learning will be open for you to learn new therapies as well as refresh your knowledge of therapies prior to utilizing them in the clinical setting. The hours for the Center for Learning will be posted. Clinical lab times will be indicated on the Center for Learning schedule.

Guidelines:
In order for everyone to be able to utilize the Center for Learning most expediently, you are asked to follow the established guidelines:

- Audio-visual materials or equipment borrowed from the Center for Learning must be signed out by student when taken and when returned.
- Students are responsible for all materials borrowed from the Center for Learning and must replace any broken, lost, or stolen items.
- The Center for Learning phone number is 263-2857. Please call and leave a message if you are unable to keep an appointment or attend a scheduled lab for any reason.

ADVISEMENT/MENTORING

At the time of admission to Grand View University, each student admitted to the nursing program is assigned a faculty advisor who works with the student developing individualized education and professional plans.

- The student will be contacted as soon as possible by the academic advisor to develop a completion plan. The student and advisor can view the completion plan on the advising tab on myView. The student and the advisor need to review the plan at the time of each registration and revise as necessary. This must be done before the next registration occurs at Grand View University.
- If your advisor has not contacted you please feel free to contact your advisor.
- For more information about Student Responsibility see University catalog and University Student Handbook on-line at myview@grandview.edu.
STUDENT OPPORTUNITIES

GRAND VIEW UNIVERSITY NURSING STUDENT ASSOCIATION (GVNSA)

Grand View nursing students have the opportunity to belong to the National Student Nurses Association (NSNA) through Grand View’s Total School Membership Plan. Membership in NSNA includes membership in the Iowa Association of Nursing Students (IANS) and Grand View University Nursing Student Association (GVNSA). Membership affords the students multiple opportunities to become involved in recruitment activities, community service and health activities, legislation and education activities, and leadership development activities. Members participate in organizational meetings, committee meetings, and conventions. Participation activities are integrated into the nursing courses throughout the program of study. Newsletters and the student magazine imprint are also membership benefits. The membership fee is included in the billing for student’s University tuition and fees. If questions arise regarding GVNSA membership, the student must meet with the Department Chair of Nursing. Only the Department Chair of Nursing may excuse the student from GVNSA membership.

MEMBERSHIP ON STANDING COMMITTEES OF THE DEPARTMENT OF NURSING FACULTY

Student representatives shall be appointed by the Grand View University Nursing Student Association for the below named committees for a term of at least one academic year and no more than two (2) academic year terms. Students who participate in Nursing Faculty committees are responsible to regularly provide a report to the GVNSA.

➢ Admissions, Progression, Graduation, & Scholarship One or two students
➢ Nursing Curriculum Committee One or two students

SIGMA THETA TAU INTERNATIONAL SOCIETY OF NURSING ZETA CHI CHAPTER-AT-LARGE

The mission of the Honor Society of Nursing, Sigma Theta Tau International, is advancing world health and celebrating nursing excellence in scholarship, leadership, and service.

MEMBERSHIP CRITERIA

Students are invited to join the honor society through Sigma Theta Tau Zeta Chapter-at-Large. To find out more about chapters in your region, including benefits of membership access the website at http://www.nursingsociety.org/.

Undergraduate Students must:
• have completed half of the nursing curriculum.
• achieve academic excellence. (At schools where a 4.0 grade-point average system is used, this equates to a 3.0 or higher.)
• rank in the upper 35th percentile of the graduating class.
• meet the expectation of academic integrity.

Procedure:
Candidates who meet the qualification for membership will be invited to join.
AWARDS AND SCHOLARSHIPS

Various scholarships are available through the Department of Nursing faculty are notified annually by
the Financial Aid office, and by the Admissions, Progression, Scholarship and Graduation Committee
what monies are available for each scholarship. The Nursing Faculty are asked to help nominate/vote
for candidates for such scholarships.

HELEN DANIELSON SCHOLARSHIP

This scholarship is in recognition of Helen Danielson, who was a nurse for over 43 years and an
outstanding member of Iowa Lutheran Nurses Association.
Qualifications:
➢ Full-time nursing student
➢ Financial need
➢ Written rationale demonstrating why student should be considered (leadership
qualities, caring relationships in clinical, etc.)

IOWA LUTHERAN AUXILIARY SCHOLARSHIP

Iowa Lutheran Hospital and Grand View University have a long-standing relationship and a shared
heritage. After the closing of the Lutheran Hospital Nursing Program, the Iowa Lutheran Auxiliary began
a tuition assistance program. For each year of several decades, the Auxiliary has generously provided a
scholarship to a senior nursing student at Grand View, helping many to achieve their higher education
goals.
Qualifications:
➢ Senior nursing student enrolled for full-time
➢ Committed to pursuing a career in nursing
➢ Written rationale provided to demonstrate why student should be considered
(leadership qualities, caring relationships in clinical, etc.)

AMY LESHER MCCLEARY SCHOLARSHIP

This scholarship is in memory of Amy Lesher McCleary and is given by St. Mark’s Lutheran Church. This
is a special award recognizing Amy Lesher McCleary’s chosen profession and personal attributes. Amy
was educated at Grand View, and was dedicated to the care of mental health patients at Broadlawns
Medical Center.
Qualifications:
➢ Full-time student
➢ Second semester Junior Nursing student (defined as being in the last year of nursing
courses)
➢ Special consideration will be given to employees of Broadlawns Medical Center, or
to employees working or planning to major in the mental health area
➢ Average or satisfactory academic performance under the academic standards
established by Grand View
➢ Member of a church, synagogue, or recognized religion
➢ Written documentation of personal examples of humanitarian care delivered to
individuals who were disadvantaged, needy, or had a crisis situation in their life.
O.E. RYEN NURSING SCHOLARSHIP

_This award is available for an incoming freshman or transfer students admitted to nursing._

This scholarship was created to encourage and assist students entering the BSN program at Grand View. The scholarship was established by Olive E. Ryen, who served in the nursing profession through the public school system, county extension service, and private practice in Des Moines. Her desire is to assist a full-time nursing student who demonstrates significant potential for success in the field of nursing and who demonstrates the need for financial support.

Qualifications:
- Entering full-time freshman or
- Incoming transfer student admitted to nursing

DARLEEN SICKERT MEMORIAL SCHOLARSHIP

This scholarship was created by Darleen Sickert, a friend of Grand View University, to provide financial support for nursing students. Darleen, a native of Waverly, Iowa, attended Allen Memorial Hospital Lutheran School of Nursing in Waterloo, and later earned BS and MPH degrees from the University of Minnesota School of Public Health. From 1962 through 1988 Darleen worked for the State of Iowa Department of Health where she held roles from Regional Public Health Nurse Supervisor to Director of the Public Health Nursing Section of the Division of Community Health.

Qualifications:
- Full or part-time student
- Financial need as demonstrated by the Free Application for Federal Student Aid

WIRTZ SCHOLARSHIP

The Wirtz Scholarship is given annually to a junior nursing student who has completed at least two nursing situation courses, who has a GPA of 3.0 or higher and has demonstrated the ability to enter into caring relationships in clinical practice.

Qualifications:
- 3.0 GPA
- Student completed at least 2 nursing situation courses (Junior)

Written rationale of how student has demonstrated the ability to enter into caring relationships in clinical practice, has good interpersonal skills, and is a patient advocate

WINIFRED VAN OEL SCHOLARSHIP

In recognition of many years of service at Grand View as an Associate Professor of Nursing, an endowed award has been established.

Qualifications:
- Is a full time nursing student planning to take or currently taking the first semester of nursing courses
- 3.0 GPA or higher
- Written rationale of how the scholarship will impact you and your studies at Grand View University
LADY-IN-WHITE AWARD

The Lady-In-White is a memorial to Jean Peterson, a graduate in 1951 of Iowa Lutheran Hospital School of Nursing awarded each semester by nursing faculty to the outstanding nursing student in the final semester of nursing courses.

Qualifications:

➢ 3.0 Cumulative GPA
➢ Outstanding ability in demonstrating the outcomes of the nursing program:
  • Valuing lifelong learning
  • Integrating critical inquiry into practice
  • Nurturing of self and engaging in caring relationships with peers, clients, & society
  • Providing a culturally sensitive continuum of care
  • Empowering themselves and others to influence health care & society
APPENDICES

APPENDIX A: POST ADMISSION CHECKLIST AND FORMS

Tasks to accomplish before your first week of class:

Upload the following to CastleBranch (see attached document)

### HEALTH HISTORY (SERVICES ARE AVAILABLE AT GV STUDENT HEALTH SERVICES 515-263-2823)

- Measles, Mumps & Rubella Vaccination
- Varicella Vaccination
- Hepatitis B Vaccination
- Two step TB Skin Tests (Please inform your provider that the Step 1 and Step 2 must be 1-3 weeks apart)
- Tetanus, Diphtheria & Pertussis Vaccination
- Polio Vaccination
- Influenza Vaccination (must be done annually)
- Physical Examination (must be done annually)

### FORMS (SEE CASTLEBRANCH.COM)

- Nursing Student Handbook
- Health Risk Acknowledgement Form
- Nursing Student Expense Form
- Standard Precautions
- Latex Allergy Questionnaire & Screening
- Professional Communication Annual Review
- Mandatory Reporter Child and Dependent Adult Abuse
  Watch the Mandatory Reporter DVD located at the GV Library and take the required test at the Center for Learning, first floor of Wellness Center (contact Kelly Van Gorp, Center for Learning Coordinator at 515-263-2857 or email kvangorp@grandview.edu)

### BACKGROUND CHECKS (SEE CASTLEBRANCH.COM)

- Iowa Child and Dependent Adult Abuse Registry Record Check
- State of Iowa Criminal History Record Check

### CERTIFICATIONS

- CPR Certification
  The only cards accepted are the;
  - AHA Heart Code BLS
  - AHA BLS Provider
  - Red Cross Basic Life Support for Healthcare Providers
  These courses require renewal every 2 years. Other CPR courses will NOT be accepted. Contact the Nursing Administrative Assistant at 515-263-2850 if you wish to take the on-campus CPR course, usually held the first week after classes begin.
- Professional Liability Insurance
- LPN license if applicable (omit if not licensed as an LPN)

### TRANSFER STUDENTS

- If currently enrolled in English Composition, Microbiology, or Fundamentals of Organic & Biochemistry, submit evidence of successful completion to the Nursing Administrative Assistant prior to beginning NURS 210 and NURS 220. If you are transferring from another nursing program and have taken nursing courses you want considered for transfer credit, submit nursing course syllabi to the Nursing Department Curriculum Committee for evaluation.
YOUR PERSONAL IDENTIFICATION NUMBER (PIN) IS THE LAST FOUR DIGITS OF YOUR SOCIAL SECURITY NUMBER

ADDITIONAL INFORMATION

CLASS AND CLINICAL/LAB: Please note that nursing class labs do meet the first week of school.

NURSING STUDENT ASSOCIATION (NSA AND IANS/NSNA)
The nursing faculty believe that participation in the nursing student professional association is part of the learning process. Participation in the GV NSA leadership development opportunities are woven throughout the curriculum. The cost is $60 per year and will appear on your GV bill as NSA fee. Membership forms will be distributed during class. If for some reason you choose not to join the nursing student association, please see the Nursing Department Chair and we will make the adjustment in your fee statement.

It is important to note you are required to participate in NSA activities regardless of membership. The Nursing Student Association meets on Wednesdays at 4:00 p.m. during the academic year. Please plan your schedule so you will be able to attend the meetings. Attendance at NSA meetings is required in some courses.

**EXPENSES**

Please anticipate the following expenses during the time you are in the nursing program.

**Upon Admission:**
- Background Check (approximately $83; this will appear on your GV bill).
- Uniform (approximately $25; available at the bookstore).
- Name badge (approximately $12; order at the bookstore).

**Later in the Nursing Program**
- Lab coat and nursing patch available at the bookstore (approximately $16 for lab coat; $4 for the nursing patch).
- Electronic device, such as an Apple iTouch or smart phone (purchase when enrolled in NURS 210).
- Stethoscope with a bell and diaphragm (purchase when enrolled in NURS 210).
- Watch with a second hand (purchase when enrolled in NURS 210).
- Blood pressure cuff (purchase when enrolled in NURS 310).
- Nursing supply tote (purchase when enrolled in NURS 250).
- Grand View nursing pin and medallion (at graduation).
Latex Allergy Identification, Prevention, and Education Form

The purpose of this policy is to provide a latex safe environment for nursing students of Grand View University Department of Nursing. Nursing students are at high risk for latex allergies due to exposure to latex in the health care setting. Other high risk individuals include those with spina bifida, neural tube defects, those who have had numerous surgical procedures, and those with a cross sensitivity to tropical fruits and nuts.

Students must access their CastleBranch account to upload a document indicating they have read the CDC Latex Allergy document. http://www.cdc.gov/niosh/docs/98-113/)

__________________________  ____________________________  __________________________
Please Print Name               Signature                          Date of Education
ANNUAL NURSING STUDENT ACKNOWLEDGMENT FORM

Standard Precautions Education
Because nursing students may have direct contact with blood and other body fluids, Grand View University Department of Nursing requires education in Standard Precautions. This education is an annual requirement. Verification of education received as a requirement for employment will be accepted in lieu of this education.

Students must access their CastleBranch account to upload a document indicating they have completed Standard Precautions Education. Go to Interactive Training found on CDC website (http://www.cdc.gov/handhygiene/training/interactiveEducation)

Please Print Name ___________________________ Signature ___________________________ Date of Education ___________________________

Health Risks Related To Nursing Care Activities
Nursing students may be exposed to infectious diseases such as Hepatitis B, Human Immune Deficiency Virus (HIV), Tuberculosis (TB), or other infectious/communicable diseases during care giving activities with people. Nursing students are also at risk for injuries during care giving activities including needle stick injuries and back injuries. The Department of Nursing mandates learning opportunities which assist students to identify risks and reduce exposure such as standard precautions training, and it has instituted safeguards such as immunization requirements to assist students in reducing health risks and in preventing injuries.

In order to reduce risk to my health as a nursing student, I understand it is my responsibility to inform the Department of Nursing and the University Health Nurse of changes in my health status such as pregnancy, contraction of a communicable or infectious disease, or any injury that could affect my performance as soon as possible. In the event of an injury during clinical, the agency (where the practicum is occurring) policy will be followed.

Furthermore, I understand that testing, diagnosis, and treatment of any infectious/communicable disease or injury including those incurred or contracted while acting as a caregiver in my clinical experiences with Grand View University Department of Nursing will be paid for at my own expense. I understand that I am expected to be covered by personal health insurance.

I have been informed and understand that an altered state of my health or an increased health risk may be incurred as a result of care giving activities. Therefore, I agree to seek advice from a health care professional for any changes in my health status.

Students must access their CastleBranch account to upload a document indicating they have read the above information and have a full understanding of the learning opportunities, risks, and safeguards provided by the Grand View University Department of Nursing.

Please Print Name ___________________________ Signature ___________________________ Date ___________________________
APPENDIX B: STUDENT EXPENSES

Please anticipate the following expenses during the time you are in the nursing program.

Nursing Student Association (NSA and IANS/NSNA)
The nursing faculty believe that participation in the nursing student professional association is part of the learning process. Participation in the GV NSA leadership development opportunities are woven throughout the curriculum. The cost is $60 per year and will appear on your GV bill as NSA fee. Membership forms will be distributed during class. If for some reason you choose not to join the nursing student association, please see the Nursing Department Chair and we will make the adjustment in your fee statement.

It is important to note you are required to participate in NSA activities regardless of membership. The Nursing Student Association meets on Wednesdays at 4:00 p.m. during the academic year. Please plan your schedule so you will be able to attend the meetings. Attendance at NSA meetings is required in some courses.

Upon Admission:
- Background Check (approximately $83; this will appear on your GV bill).
- Uniform (approximately $25; available at the bookstore).
- Name badge (approximately $12; order at the bookstore).
- (purchase when enrolled in NURS 210:
  - An electronic data device such as a smart phone or tablet.
  - Stethoscope with a bell and diaphragm
  - Watch with a second hand

Later in the Nursing Program
- Lab coat and nursing patch available at the bookstore (approximately $16 for lab coat; $4 for the nursing patch).
- Additional uniforms as you progress in the program.
- Blood pressure cuff (purchase when enrolled in NURS 310).
- Nursing supply tote (purchase when enrolled in NURS 250).
- Grand View nursing pin and medallion (at graduation).

| **Near miss** (caught by agency/department system or process). | • Notify assigned staff nurse and charge nurse to determine agency policy for communicating near misses.  
• May use ‘near miss’ event for post-clinical conference learning. |
| **Simple error or ‘teachable moment’**: Inadvertently doing or almost doing other than what should have been done due to inexperience in the setting. Error was prevented or no patient harm was noted. Examples include but are not limited to: | • Discuss with student and reiterate instruction to reduce risk for repeated error.  
• Console and counsel student to effectively deal with stress response.  
• Trend and report student behavior. |
| o Plans for incorrect care/incorrect medication set up.  
| o Omits safety precautions due to inexperience.  
| o Delays or errors in communicating or documenting patient data/cares. | |
| **Type II Error: Failure to follow existing policies and procedures in situations that student has had prior education or experience.** | |
| **At risk behavior**: A choice is made that increases risk to self or others. Risk is not recognized or mistakenly believed to be justified. Examples include but are not limited to: | • Consult with course faculty within 1 day of event.  
• Assist course faculty with completion of a written warning or accountability contract.  
• Conference with student for corrective action plan. |
| o Does not report important observations.  
| o Does not seek appropriate assistance.  
| o Provides care without appropriate supervision.  
| o Practices at lower than expected level.  
| o Does not see gaps in own knowledge.  
| o Uses work-around (short cuts) to save time.  
| o Personal factors (e.g. lack of sleep, lack of preparation).  
| o Unprofessional appearance or demeanor.  
| o Inappropriate or lack of communication  
| o Failure to meet clinical, post clinical, or course deadlines. | |
| **Serious error**: Error may have been intercepted or error reaches client and may or may not have caused client adverse physical or psychological outcome. Examples include by are not limited to: | • Assess the situation, monitor the client, and report to the agency to facilitate agency follow up.  
• Follow agency policy for recording serious errors and for disclosing errors to patients.  
• Consult with course coordinator within one day of event. |
| o Patient or staff report concern about quality of student’s interactions and/or care.  
| o Omission of preventative care leading to worsening of health condition. | |
| Incorrect transfer or safety precautions causing or potential to cause fall/injury. | Consult with course faculty within one day of event. |
| Adverse drug event causing or with potential to cause delay in treatment, additional monitoring or treatment. | Assist course faculty with completion of a written warning or accountability contract. |
| | Conference with student for corrective action plan. |

**Type III Error: Repeating a Type II error.** Failure to follow existing policies and procedures in situations that student has had prior education or experience. Repeats a behavior that has already resulted in a corrective action plan.

| Consult with course coordinator within one day of event. | Consult with course faculty within one day of event. |
| Assist course faculty with completion of a written warning or accountability contract. | Conference with student for corrective action plan. |

**Type IV Error: Action taken with conscious disregard for substantial and unjustifiable risk.** Intentional violation of standards of safe practice.

| Dismiss student from classroom or clinical care immediately. | Consult with course faculty within one day of event. |
| Assist course faculty with completion of a written warning or accountability contract. | Conference with student for corrective action plan. |
| Disciplinary action may include remediation, repetition of learning experiences, reprimand, failure of clinical, failure of course, or dismissal from the nursing program. |

- Reckless behavior, intentional violation of standards. Examples include but are not limited to:
  - Unethical behavior
  - Theft (e.g. supplies), dishonesty, plagiarism
  - Falsifying records
  - Breach of professional boundaries
  - Intentional violation of standards of safe practice
  - Use of substances impairing judgment in clinical or classroom.
Student Written Warning

(may use this form but other forms of written warnings are acceptable)

__________________________ has not demonstrated accountable action in NURS ________________.
(print name) (course # and course name)

Specific actions leading to the issuing of the accountability contract include the following:

In order to meet the outcomes of NURS ________________ the following must be demonstrated in the established timeline:

The student will be placed on an Accountability Contract if the terms of the Written Warning are not met.

This Written Warning is mutually developed and agreed upon by:

APPENDIX G: REFERRAL FOR STUDENT TO SEEK HEALTH CARE

(complete and return to faculty)

Student Name: ____________________________ Date of Referral: __________________________

(Please Print)

Course/Clinical Area: ____________________________ Referred to: __________________________

Student Statement of Problem:

Signed: ____________________________

Instructor Statement of Problem:

Signed: ____________________________

Health Care Provider

1) Findings:

2) Treatment:

3) Recommendations: (Check appropriate items to indicate when the student may return to the clinical/classroom area, further treatment, and/or follow-up and explain above.)

☐ (a) Student is physically able to return to clinical/classroom.

☐ (b) Student is emotionally able to return to clinical/classroom.

☐ (c) Student may return to clinical area in ____________ days.

☐ (d) No further treatment and/or follow-up required.

☐ (e) Further treatment is required. Date of next appointment: ____________________________.

☐ (f) Referred to specialist for follow-up. Appointment made for ____________________________.

☐ (g) Student may return to clinical with the following restrictions (i.e. meds, diet, rest, attending and completing a program):

In my judgment the student is able to meet the mental and physical demands of the nursing program (see reverse side of this page).

Yes______ No______ (If no, please explain.)

APPENDIX H: REFERENCE OPTION FORM

Pursuant to the Family Educational Rights and Private Act of 1974, and the subsequent Buckley-Pell Amendment, you can decide on your access (OPEN or CLOSED) to review the Summative Graduate Profile and Reference Form. Please note that your Summative Graduate Profile and Reference Form will be maintained on file. You must also make a decision regarding the release of this reference to potential employers.

Access
Please check either OPEN or CLOSED:

[] OPEN ACCESS. I hereby choose to maintain access to review my Summative Graduate Profile and any references placed in my file in the future.

[] CLOSED ACCESS. I hereby choose to waive my right of access to review my Summative Graduate Profile and any references placed in my file in the future.

Please check either GENERAL or RESTRICTED:

[] GENERAL RELEASE. I authorize the release of information from my Summative Graduate Profile: 1) to hiring officials at their request, and 2) at the discretion of the Career Planning & Placement office staff. I understand I will not be notified if my reference is sent to an employer.

[] RESTRICTED RELEASE. I wish to be contacted each time information from my Summative Graduate Profile is requested by an employer. Information from my Profile may not be released to a hiring official without my written consent.

Graduate Name (print): ____________________________________________

Graduate Signature: _______________________________________________

Date form completed: ____________________________________________

Graduation Date: ________________________________________________

* Return completed form to the Nursing Administrative Assistant.

* Please see written Student Portfolio Synthesis and NURS470 or NSGP485 Summative Evaluation form in student file
APPENDIX I: ANNUAL PHYSICAL FORM FOR NURSING

(located on CastleBranch.com)
Personnel must be consistently able to meet the following demands:

**MENTAL/COGNITIVE DEMANDS:**
1. Must be able to communicate effectively with people of diverse professional, educational and lifestyle backgrounds.
2. The environment may cause high stress levels due to constant interruptions, high volume urgency of issues, and interactions with a wide variety of professionals and personalities.
3. Must be able to compute algebraic equations.
4. Must be understanding and patient.
5. Must be able to work independently and assume responsibility for timely completion of assigned functions.
6. Must be able to follow verbal and written instructions.
7. Must maintain confidentiality of information.
8. Ability to learn basic computer skills.

**PHYSICAL REQUIREMENTS:**

**Physical Demands (strength)**
1. Department of Labor level III tasks: MEDIUM – Exert up to 50 lbs. of force occasionally, and/or up to 25 lbs. of force frequently, and/or up to 10 lbs. of force constantly. Typically on feet standing or walking a minimum of 6 hours out of an 8 hour day.

**Physical Demands (movement)**
2. Able to lift, push, pull or carry, in order to move patients and/or items from one position or place to another (either mechanically or with a co-worker).
3. Able to stoop, kneel, crouch, crawl, in order to maneuver around within or about the environment to provide care needed.
4. Able to reach, handle, finger and feel in order to manipulate wide variety of equipment, and some complex equipment, and distinguish characteristics of objects, such as sign, shape, temperature or texture.

**Physical Demands (auditory)**
5. Able to express or exchange ideas by means of the spoken word in order to convey oral information to patients, physicians, families, visitors and public as well as giving instructions to other works accurately, loudly, or quickly.
6. Able to hear in order to identify various kinds and character of sounds, including the ability to receive detailed information through oral communications, and to make fine discriminations in sounds, such as when listening to lungs and heart sounds. This may include the use of an assistive device.

**Physical Demands (taste/smell)**
7. Able to smell and distinguish with a degree of accuracy, differences or similarities in intensity or quality of odors, or recognizing particular odors, such as odors indicating infection or other medical completions or emergencies such as a patient's call for help.

**Physical Demands (vision)**
8. Possess visual acuity and clarity at close range to focus and read small print such as identification bands, thermometers.
9. Possess visual acuity & depth perception for distance vision related to moving people and things within and through the environment and ability to judge distance and spatial relationships.
10. Possess color vision in order to identify and distinguish colors such as on-site test results.
APPENDIX I: IOWA BOARD OF NURSING – ALCOHOL RELATED CRIMINAL OFFENSES

STATE OF IOWA

Governor Terry E. Branstad
Lt. Governor Kim Reynolds

BOARD OF NURSING
Kathleen R. Weinberg, MSN, RN
Executive Director

To: Director of Nursing Education

From: Doug Bartels, Executive Director of Enforcement

Date: August 1, 2014

Subject: Alcohol related criminal offenses

The Iowa Board of Nursing requires that all criminal convictions a nursing student applying for initial licensure has ever received be disclosed on their application for licensure. This includes deferred judgments and expunged cases. Once licensed, nurses are required by law to report all criminal convictions within 30 days of final disposition.

Board staff and the Board itself devotes a significant amount of time to reviewing criminal convictions. The largest amount of criminal conviction reviews center around alcohol and drug related offenses. The Board has denied licensure based on alcohol and drug related offenses, or issues an initial license that required that the new licensee spend their first year on probation submitting to drug and alcohol screening. Both of these responses create permanent public discipline for the new licensee, which may limit their ability to obtain work at some employers. Likewise, the Board continues to monitor licensees in the same way and impose similar conditions for licensees who give the Board cause for concern about a potential substance abuse issue that may pose a threat to the public. The Iowa Board of Nursing remains committed to ensuring that competent nurses practice within their state, who are free from alcohol and drug addiction.

In many cases the applicant expresses regret for the poor decision making that led to their convictions and further expresses that they wish they could have known then what they know now. The purpose of this letter is to inform nursing students that their actions outside of the classroom, and outside of their future nursing practice, that results in criminal convictions, shall be reviewed by their licensing Board, and may impact their future career in nursing. Nursing students are encouraged to keep this information in mind when making decisions that could affect their future in Nursing.
