# **Grand View Core with DMACC Course Options**

There may be other course options for Core Domains. If a course is not listed that you are interested in, please contact Rachel Baron at Rbaron@grandview.edu

#### Grand View's core consists of:

- I. Core Foundations
  - a. Core Seminars
  - b. Composition
  - c. Quantitative Reasoning (QRF)
- II. Core Domains
  - a. Understanding and Appreciation of the Fine Arts (AFA)
  - b. Understanding the Natural World (NW)
  - c. Questions of Faith and Meaning (FM)
  - d. Understanding Society and Human Behavior (SHB)

For DMACC courses without a direct equivalent course, general subject and domain codes are assigned ie. Socs-shb = a sociology course that meets Domain Understanding Society and Human Behavior

## I. CORE FOUNDATIONS

## a. Core Seminars

LIBA 110/111 First Year Seminar (required for all full-time

freshmen and transfer students with fewer than

20 credits)

LIBA 350 Core Seminar II (may not be transferred in)

## b. Composition (students must earn a grade of C- or higher in Engl 101 for core/major grade

req. may differ)

DMACC Course Grand View Course

ENG 106 Composition II Engl 101 Freshman Composition

## c. Quantitative Reasoning - Take One Course (students must earn a grade of

C- or higher for core/ major grade req. may differ)

#### DMACC Course Grand View Course

MAT 110 Math for Liberal Arts	Math qrf no direct equivalent but meets Core Quantitative
MAT 114 El Ed Math I	Math 145 Math for the Elem Teacher
MAT 121 College Algebra	Math 121 College Algebra
MAT 129 Precalculus	Math 121 College Algebra (3 crs.) and Mat 122 Trigonometry (2 crs.)
MAT 130 Trigonometry	Math 122 Trigonometry
MAT 141 Finite Math	Math 116 Finite Math
MAT 130 Trigonometry	Math 122 Trigonometry
MAT 148 Linear Algebra with Applications	Math 331 Linear Algebra (lower division cr.)
MAT 157 Elementary Statistics	Stat 241 Principles of Statistics
MAT 160 Statistical Business Applications	Bsad 239 Stats for Social Sciences
MAT 162 Principles of Business Statistics	Bsad 239 Stats for Social Sciences
MAT 164 Calculus for Business/Social Sci Core	Math 212 Applied Math
MAT 211 Calculus 1	Math 231 Calculus with Analytic Geometry 1
MAT 217 Calculus 2	Math 232 Calculus with Analytic Geometry 2
MAT 219 Calculus 3	Math 327 Multivariable Calculus (Lower Div.cr.)

# **II. CORE DOMAINS**

MUS 337 20th Century Music Hist/Theory

# <u>a.</u> <u>Understanding and Appreciation of the Fine Arts</u> - Take Two Courses (may not be from the same Grand View prefix i.e no two course with Grand View prefix of Engl; transfer courses must be 3 credits or equivalent)

<sup>\*</sup>Any DMACC course that transfers in for a 300 or 400 level Grand View Course receives lower division credit (100 or 200). It will not count toward the 30 Upper Division credit graduation requirement.

#### 75 Credits Maximum transfer for 2 year Colleges Allowed

30 Credits Maximum transfer for Vocational/Tech Credit Allowed

4 Credits Maximum transfer for PE Physical Activity Credit Allowed

#### **ESSENTIAL COMPETENCIES**

In all of their classes taken at Grand View, students will be challenged to develop their skills in mastering the seven General Education Core objectives: Critical Inquiry (CI), Information Literacy (IL), Written Communication (W), Oral Communication (O), Quantitative Communication (Q), Global Awareness (GA), and Vocation (V).

Applications or "iterations" of each of these will appear throughout the curriculum, in the Core Seminars, Domains of Inquiry classes, and classes within the student's major.

The number of iterations of each Core objective that is required of the student will depend on the number of credits the student transfers upon admission to Grand View University:

- 0-27 credits upon admission = 4 instances required of each iteration
- 28-59 credits upon admission = 3 instances required of each iteration
- 60-89 credits upon admission = 2 instances required of each iteration
- 90 or more credits upon admission = 1 instance required of each iteration.
- \*Full time freshmen who complete an Associate in Art(AA) Degree prior to initial GV enrollment will receive interations according to the above chart.
- \*All other full time freshmen will be required to complete 4 instances of each iteration, no matter how many credits they bring in with them.

Iterations of Core objectives may not be transferred to Grand View, but must be taken at Grand View. Iterations for each course are listed in the course description section of the catalog.

### TRANSFER WITH AN ASSOCIATE OF ARTS DEGREE

The Associate in Arts degree (AA) satisfies the Grand View University General Education Core requirements for the baccalaureate degree except for the composition and quantitative reasoning courses (unless fulfilled by transfer coursework), Core Seminars II and III, and the required number of outcome iterations (number determined by class status on entry to the University as defined above). See the University Catalog for details.

Students holding any Associate's degree other than an Associate of Arts degree are not exempt from the general degree requirements.

#### TRANSFER WITH A BACCALAUREATE DEGREE

Students holding a baccalaureate degree or higher from an accredited institution based in the United States are considered to have fulfilled all Grand View University General Education Core requirements except for the completion of one iteration of each of the Core outcomes and Core Seminar III. See the University Catalog for details.

Students holding baccalaureate degrees from accredited institutions based outside the United States are frequently considered to have fulfilled all General Education Core requirements except for the completion of one iteration of each of the Core outcomes, Core Seminar III, and composition, though Grand View reserves the right to make a determination of comparability.

Courses from other institutions may be reviewed for applicability in one of the four domains. Please contact the Registrar's Office for more information.
