- Payment of tuition, fees, room & board
- Setting up a payment plan
- Questions regarding your student account
- Issuance of financial aid refunds
- Study trip deposits
- Issuance of 1098T Tax form

WHAT DOES IT MEAN?

Financial Aid Award Letter

Intended to provide information on the actual financial aid the student is eligible for. The initial award letter is on paper for new students to Grand View and includes an estimate of tuition, fees, room & board. Students can also view their award letters through GV Self Service. If any revisions to the original award letter are required, an email will be sent to notify the student that revised awards are ready to be viewed online.

GV Complete Financial Plan

Provides an estimate of overall cost of the four-year degree based upon enrollment and housing projections, as well as estimated financial aid. Once a student has received a financial aid award letter, this plan helps families understand payment options for covering remaining out-of-pocket expenses.

Statement of Account

The official statement showing what is due for tuition, fees, room & board. This statement includes actual charges and pending financial aid and is available online through GV Self Service. Keep in mind the aid is not final until all eligibility requirements have been met.

Payment Plan

Set up with our third party processor, ACI (Official Payments), based upon actual amounts listed on the Statement of Account. Contact the Business Office for assistance with this calculation.
